

Opredelitev identitete znamke destinacije „Portorož in Piran“

Lejla Poturović I Zenel Batagelj

V razmislek ...

- V globalnem svetu, v katerem živimo, **vsak kraj tekuje z vsemi drugimi kraji** na tem svetu za košček možganov. (naša realnost: denarja imamo manj)
- **Če kraj nima jasne oblube, ima zelo majhno verjetnost, da ostane v spominu** in se poteguje za pozornost.
- **Večina nas ne posveti več kot nekaj sekund** vsako leto za razmišljanje o krajih na drugem koncu sveta.
- Torej, **če kraj ne ustvari vsakokrat istega vtisa**, obstaja **majhna verjetnost**, da bo tistih nekaj sekund posvečenih razmišljanju prešlo v preferenco, željo po obisku ... si izborilo **košček srca**.

ALTERNATIVA = NE UPRAVLJATI

- Destinacija - 3 entitete:
(1) Piran, (2) Portorož in (3) zaledje brez enovite zgodbe.
- Dominantna Piran in Portorož, zaledje še neizkoriščen potencial, ki ni tesno vpet v nobeno izmed njiju.
- Od daleč se vidi, da sta zgodbi Pirana in Portoroža sta v osnovi različni.
- Nobena izmed 3 obstoječih entitet ne more predstavljati krovne in hkrati enovite in celovite zgodbe destinacije. Poudarjanje ene odnese del pestrosti.
- Veliko že narejenega: „storytelling“ koncept za regijo.

Ambicije in cilji

- **3 entitete povezati v enovito in celovito destinacijo z jasno zgodbo.**
- Nekatera poimenovanja in predlogi že obstajajo:
 - **Portoroška riviera**
 - **Piranski zaliv**
 - **Histria, the original**
 - „**The secret**“
- **Rešitev je oblikovanje nove znamke – novega pomena destinacije, ki bo deloval povezovalno.**

BrandICON StoryTELLING → StoryDOING

BrandICON je strateško orodje, ki smo ga razvili v namene **DEFINIRANJA IDENTITETE ZNAMK**. Je proces iskanja, definiranja in implementacije novega pomena znamke.

Upošteva, da je bistvo sodobnega znamčenja v izkušnji, torej ni le storyTELLING, ampak storyDOING!

Temelji na ARHETIPIH, pravdopodobah, ki jih **vsi intuitivno razumemo na zelo podoben način**. Njihova poglavitna vrednost je v **preprostosti**, hkrati pa neizmernem **vsebinskem bogastvu**.

Diferencialni arhetip za Piran in Portorož

Portorož

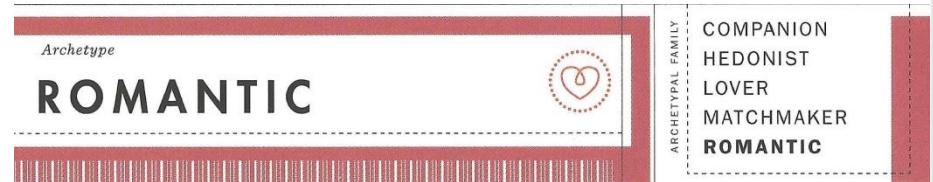

STRENGTHS
Creativity. Imagination. Nonlinear thought. Nonconformity.
Developed aesthetic.

CHALLENGES
Overdramatization. Depression accompanying a failure to make meaning. Perfectionism. Fear of mediocrity and judgment.

THE CREATOR has a passionate need for self-expression, to be a cultural pioneer. Creating offers a means of dealing with how out of control the world seems. The Creator is highly imaginative, with a developed sense of the aesthetic. This archetype often appears in environments that are reflective of good taste and a unique point of view. The Creator notices and acts upon the need for innovation, invention and reinterpretation. Believing in the value of inner expression, the Creator is dedicated, hardworking and achievement oriented.

Piran

STRENGTHS

Possessing an undying belief in the quality of the shared love experience, **THE ROMANTIC** is driven toward a life full of stimulation and intensity of emotions. Inherent in the Romantic is infatuation with sexual and sensual beauty and experience. A sense of oneness and completeness—a transformation of the soul—are found within love relationships. Diferencialni arhetip za destinaciju: „sanjač“ / zasanjana

STRENGTHS

Vivid imagination. Creativity in the form of ideas, plans, inventions and concepts.

CHALLENGES

Lack of structure needed to execute ideas.

Possessing a vivid and powerful imagination, **THE DREAMER** is a master at drifting into the highest altitudes of pure potential. Preferring to live in the Utopia of the mind, this archetype can be swept away with the emotions and possibilities of ideas without ever needing to make anything concrete. The Dreamer experiences life through symbols and signs, and it communicates ideas abstractly with absolute passion and fervor. This archetype has the faith of a child, believing that the mere act of jumping will present the requisite net.

- **Istra pridobiva na pomenu** - ohranja **avtentičnost**.
- **Nizko prepoznavnost** možno obrniti v prid destinaciji → skriti kotiček za sanjarjenje.

Diferenciacija destinacije

■ MIKROKLIMA

- osnova za RTB-je (aerosoli, maestral, zmajeve črte ...)
